Attention:

- Cantonal level or regional, national (BH)?

How to involve them? Ideas:

Ministry of Agriculture

- Memorandum of understanding to develop a national LL strategy in sustainable agriculture (AL, HR)
- step by step to develop a detailed contract (financial commitment) (AL, longterm)
- Ministry should nominate one representative to participate in LifeADA activities to develop LL strategy
- Using existing contacts for informing ministry
- Include representatives of ministry into the development of national strategy, inform them (BH)

Ministry of (Science,) Education and Sports

- Inform and invite them

How to develop a regional approach? (Harmonization)

- Development of regional guidelines following a same format/ structure/ understanding
- Develop an agreement/ common memorandum among the participating universities in the LifeADA project
