WORK EXPERIENCE

- Dates (from – to)
 - Name and address of employer
 - Type of business or sector
 - Occupation or position held
 - Main activities and responsibilities
- 2009 – ongoing**
Biotechnical Faculty, University of Montenegro
 Mihaila Lalića 15, 81 000 Podgorica, Montenegro
 Basic Academic Studies of Plant Production, Specialistic Academic Studies and Master Studies of Plant Protection
Assistant professor
 Teaching on 3 courses:
1. Phytopharmacy
 2. Plant Protection Products
 3. Technology of Plant Protection
- 1999 – 2009**
Biotechnical Faculty, University of Montenegro
 Mihaila Lalića 15, 81 000 Podgorica, Montenegro
 Department of Plant Protection
Senior researcher
 In charge of educational, scientific and research work in phytopharmacy / application of pesticides; research of biological efficiency of insecticides, fungicides and herbicides. Control of the quarantine and economically important diseases and pests of the imported plant materials. Giving advises and instructions about plant protection to farmers on regular basis. Actions in reducing economically important pests and diseases. Lectures on problems of plant protection in municipalities throughout Montenegro. Signalizing and advising on relevant diseases, pests and weeds.

EDUCATION AND TRAINING

EDUCATION

- Dates (from – to)
 - Name and type of organization providing education and training
 - Principal subjects/occupational skills covered
 - Title of qualification awarded
- 2001- 2007**
 University of Belgrade, Faculty of Agriculture, Doctoral studies Phytopharmacy Ph.D.
 Control model of grapevine excoiiose in vineyards of Podgorica
 Doctor of Biotechnical Sciences
- 1997-2001**
 University of Novi Sad, Faculty of Agriculture, Postgraduate studies, Phytopharmacy Master Thesis
 Chemical control of citrus whitefly *Dialeurodes citri* Ashmead (*Homoptera, Aleurodidae*)
 Master of Biotechnical Sciences
- Dates (from – to)
 - Name and type of organization providing education and training
- 1990-1997**
 University of Belgrade, Faculty of Agriculture, Department of Pomology and Viticulture

- Principal subjects/occupational skills covered Pomology and Viticulture
- Title of qualification awarded Engineer of Pomology and Viticulture
- Level in national classification B.Sc.
(if appropriate)

TRAINING

- Dates (from – to) **June 2006**
- Name and type of organization providing education and training Agricultural Faculty, Tuscia University, Viterbo, Italy
- Principal subjects/occupational skills covered Phytopharmacy and pesticide application
- Title of qualification awarded Training course
- Level in national classification Training course
(if appropriate)
- Dates (from – to) **September - October 2006**
- Name and type of organization providing specialization Iowa State University, Ames, Iowa, USA
- Principal subjects/occupational skills covered Application of pesticides to field crops and integrated pest management
- Title of qualification awarded Training course
- Level in national classification Training course
(if appropriate)

PERSONAL SKILLS

Mother tongue(s) Serbian

Other language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	B2	B2	B2	B2	B2

Communication skills Ability to work independently and as part of team, in flexible working hours, office and field.

Organisational / managerial skills Coordinator of Basic Academic Studies - Plant Production at Biotechnical Faculty

Computer skills Windows application: Microsoft Office, Adobe Photoshop

Driving licence B

ADDITIONAL INFORMATION

PROJECTS

- Dates (from – to) **2006 – 2008**
- Project financed by United Nations Environment Programme (UNEP)
 - Project title Plan preparations for implemetation of Stocholm convention on persistent organic pollutants (POPs) in Montenegro
- Occupation or position held Consultant in the project
 - Main activities and responsibilities The project is intended to create sustainable capacity to fulfill national obligations under the Stockholm Convention, particularly the preparation of a National Implementation Plan (NIP) for POPs
- Dates (from – to) **2006 –2007**

- Project financed by United States Agency for International Development (USAID), International Relief and Development (IRD)
 - Project title Agro-prognosis
- Occupation or position held Expert for disease control in grapevine
 - Main activities and responsibilities Data analysis received from meteo stations and advising of agricultural producers.
- Dates (from – to) **1999 - 2001**
 - Project financed by Ministry for Science and Education of Montenegro
 - Project title Chemical control of citrus whitefly *Dialeurodes citri* Ashmead (*Homoptera, Aleurodidae*) in Montenegro
- Occupation or position held Researcher
 - Main activities and responsibilities Study on models for control of citrus whitefly in citrus trees.
- Dates (from – to) **2002 - 2004**
 - Project financed by Ministry for Science and Education
 - Project title Investigation of various possibilities in control of *Phomopsis viticola* Sacc. in vineyards in Montenegro
- Occupation or position held Researcher
 - Main activities and responsibilities Study on models for control of Phomposic cane and leaf spot on grapevine
- Dates (from – to) **2010-2012**
 - Project financed by Phytosanitary Directorate of Montenegro
 - Project title Health protection of strawberry and residues of plant protection products
- Occupation or position held Leader of the project
- Dates (from – to) **2011**
 - Project financed by Phytosanitary Directorate of Montenegro
 - Project title Health protection of citrus plants and residues of plant protection products
- Occupation or position held Leader of the project
- Dates (from – to) **2011- ongoing**
 - Project financed by Phytosanitary Directorate of Montenegro
 - Project title Education of farmers about application of plant protection products (PPP)
- Occupation or position held Leader of the project
 - Main activities and responsibilities Education of agricultural producers about application and possible negative effects of PPPs to humans, animals and environment.
- Dates (from – to) **2012 - ongoing**
 - Project financed by Phytosanitary Directorate of Montenegro
 - Project title Mapping of weed plant *Ambrosia artemisifolia* L. for conducting phytosanitary measures for its control.
- Occupation or position held Leader of the project
 - Main activities and responsibilities Mapping of localities and control of Ambrosia.
- Dates (from – to) **2011 - ongoing**
 - Project financed by TEMPUS
 - Project title Education of Teachers in the field of Ecological Food Production and Management (EDUECO)
- Occupation or position held University staff
 - Main activities and responsibilities Development among Western Balkan universities in the field of ecological food production and management, development and implementation of vocational training programs in ecological food production and management for teachers of secondary agricultural school, development of vocational training programs for end-users (i.e. producers and entrepreneurs of organic food) by university teachers, non-university teachers and teachers/trainers from related Non-

Governmental Organisations (NGO's)

- Dates (from – to) **2011 - 2012**
- Project financed by Ministry of Science of Montenegro and Ministry of Science of Croatia
 - Project title Bilateral project – Syntesis, structural and fungicidal activity of new dithiocarbamate derivates EDTA and their metal complexes.
- Occupation or position held Researcher
 - Main activities and responsibilities Testing the biological efficacy of newly synthesized compounds

- Dates (from – to) **2012 - 2013**
- Project financed by Ministry of Science of Montenegro and Ministry of Science of Slovenia
 - Project title Bilateral project – Determination of pesticide residues on leaf and importance of treatment quality in control of harmful organisms on grapevine
- Occupation or position held Leader of the project
 - Main activities and responsibilities The application of plant protection products in grapevine and their impact on the prevention of harmful organisms and the environment.

- Dates (from – to) **2013 - 2014**
- Project financed by Ministry of Science of Montenegro and Ministry of Science of China
 - Project title Bilateral project – Cooperation between China and Montenegro on study of apple diseases and possibilities for their control
- Occupation or position held Researcher
 - Main activities and responsibilities Possibilities in apple diseases control

- Dates (from – to) **2013 -2016**
- Project financed by COST - European Cooperation in Science and Tehnology
 - Project title Sustainable management of Ambrosia artemisiifolia in Europe (SMARTER)
- Occupation or position held Leader of the project in Montenegro
 - Main activities and responsibilities Monitoring and control of Ambrosia

ANNEXES

Author of coauthor of 90 papers in international and national journals.

Membership in following organisations:

Representative of Montenegro as observer in European Food Safety Authority (EFSA): Advisory Forum (AFSCO), Networking Group Pesticide Monitoring (PRAS, Invited), Pesticide Steering Committee (PRAS, Invited), Pesticides - Micro-organisms Meetings (PRAS).

Member of Negotiating Group on Chapter 12 "Food safety, veterinary and phytosanitary policy" in preaccession negotiations with EU.

President of Commission for registration of plant protection products.

Member of Mycological Society of Montenegro, Society for plant protection of Serbia, Society for plant protection of Bosnia and Herzegovina, The Mediterranean Phytopathological Union (MPU) International Organisation for Biological and Integrated Control (IOBC), International Council on Grapevine Trunk Diseases (ICGTD).
